C. EGERTON RYERSON, M.A.

TORONTO PUBLIC LIBRARY.

ANNUAL REPORT, 1904.

To the Members of the Toronto Library Board

As the work of the year 1904 is now closed, it is customary or usual at our final meeting to review some of the chief events which have come before the Board.

The ordinary routine work of the department has been conducted to the satisfaction of the Board, every care having been taken that the public interest should be duly considered both in the selection of reading and the distribution of same.

The chief event with which the Board has had to deal was the selection of a site for the new Reference Library and it is with pleasure I take this opportunity of congratulating the Board on the termination of the negotiations for the purchase of same.

The position chosen at the corner of St. George and College streets is admirably calculated to meet the requirements of the largest number of our readers and students. The cost of the lot is \$75,000, and considering all the advantages the price is very reasonable.

It is to be hoped that next year good progress will be made towards the erection of the new building so that the Library will soon be in a position to meet the requirements of the steady growth in population which Toronto has made during the last few years.

The science of library building has become specialized during the past ten years owing to the large number of buildings erected for this purpose both in Europe and America. Librarians and architects have devoted much time and thought to the elaboration of plans which will furnish the greatest convenience and comfort to the readers, the utmost assistance and absolute protection to the books.

Every effort therefore should be made to embody in the new building the results of the experiences of the librarians of the world.

During the past year the different supplements together with the new book lists were amalgamated, forming the third volume of the catalogue of the Circulating Library. Unfortunately while the last sheets were being printed the entire edition

was destroyed in the fire of April last, and it was necessary to reprint. Fortunately a set of the proofs had been retained. Opportunity was taken to add to it the new books published up to July, making a volume of 374 pages, of which four thousand copies were printed. The price was fixed at twenty-five cents, a sum rather below the actual cost, it being thought advisable to encourage a large sale of the catalogue by selling at this low price.

One of the results of the fire was that most of the binderies in the city were destroyed. As we had been notified a few weeks before that our contract must terminate and new contracts be entered into, we were preparing samples for tender when we were forced to postpone asking for tenders until the binders were in a position to give a consideration and as a consequence have been compelled to get our binding done at various small binderies until such time as the older binders were in a position to tender.

The condition of the premises occupied by the Western Branch Library in St. Andrew's Market Hall were in a very unsatisfactory condition for some time and your Building Committee asked the City authorities to repair and re-decorate; this was done during the month of November, with the result that it is now in a better condition than heretofore.

The several branches are doing satisfactorily. They are filling a want in the different sections in which they are situated and it is very gratifying to see the large number of readers, especially young men in the evenings at the different desks and tables availing themselves of the many books and periodicals placed within their reach.

I regret to announce that during the year death removed our caretaker, Mr. George Nelson, who has been in charge of the Library Building since it was first opened. He was a painstaking servant of the Board whose loss will be long felt.

In conclusion I wish to express my thanks to the Chief Librarian, Secretary-Treasurer and Assistants for the efficient manner in which they have discharged the duties pertaining to their respective offices. Also to the members of the Board for the assistance and support they have given me in carrying out the duties devolving upon the position to which you honored me at the beginning of the year.

R. H. GRAHAM,
Chairman.
